

Eyre and Far North Local Health Network

Country Health Connect

Support at Home Pricing Schedule

2025-26

Support at Home program

The Support at Home program provides improved access to services, products, equipment and home modifications to help older people remain healthy, active and socially connected to their community.

Based on your aged care assessment and eligibility, you will be supported to choose the mix of services available within your budget.

These include:

- **Clinical care** – such as nursing or allied health therapy
- **Independence** – such as help with showering, getting dressed, taking medications, transport or respite care
- **Everyday living** – such as cleaning, gardening, shopping or meal preparation.

Minimum service length

The minimum time we will spend with you is 15 minutes and will be charged on a pro-rata basis.

Standard hours

Standard hours are considered as Monday to Friday 7am to 5pm. Services delivered outside of these times will be charged at a non-standard, weekend or public holiday rate, where applicable.

Care management

Our dedicated Care Partner team will support you to access the services that will help you achieve your goals and get the best outcomes from your aged care services.

If you receive ongoing Support at Home services, you will have 10% of your quarterly budget set aside, managed by our team, to provide a tailored care management service.
