As part of our intergenerational program local schools and kindergartens celebrate events with residents and perform recitals several times a year.

Fees & Payments

Limestone Coast Local Health Network do not determine aged care fees. The standard fee is determined by the Department of Health with Services Australia (Centrelink) or Department of Veterans' Affairs being responsible for assessing individual fees that apply.

The Australian Government subsidises a range of aged care costs in Australia, but residents with the means must contribute to the cost of their care and accommodation. This may require one off lump-sum payment or deposit, as well as ongoing fees for your care, accommodation, and daily living expenses.

At Penola MPS, you may be required to pay one or more of the following residential care fees:

A basic daily fee (standard fee) – all residents are required to pay a basic daily care fee. The fee is indexed at 85% of a standard Aged Pension and changes on 20 March and 20 September each year when the pension is reviewed.

Accommodation Payment – not all residents pay an accommodation payment or contribution, only those that have assets above the asset free threshold as detailed in the residential aged care fee schedule. Those residents assessed to pay an accommodation payment have three options for payment:

- i. Refundable Accommodation Deposit (RAD) – a lump sum refundable payment; or
- ii. Daily Accommodation Payment (DAP) – the daily equivalent you pay if you elect not to pay a RAD; or
- iii. Combination – a part RAD and part DAP. A combination example is noted on the fee schedule; however, a resident can choose the amount that suits their financial needs. The Aged Care Liaison Officer (ACLO) can assist in providing RAD/DAP payment scenarios.

Pages 4 – 6 provide an overview of the rooms available at Penola MPS and the applicable RAD

Means Tested Care Fee (MTCF) - This is an additional contribution towards the cost of care and not all people that move into aged care will be required to pay it. The Government will advise of this fee, if applicable, following the asset and income assessment. Annual and lifetime caps apply to means tested care fees.

Payment of Fees – fees are invoiced fortnightly in arrears. The preferred method of payment is direct debit, and a direct debit request form (DDR) will be provided for completion.

The Aged Care Liaison Officer (ACLO) for Limestone Coast Local Health Network will work with each prospective resident and / or their nominated representative to provide an estimate of the fees and accommodation charges as well as provide the required documentation for permanency. The ACLO can be contacted on 8724 5209.

You can also find a fee estimator on the My Aged Care website – www.myagedcare.gov.au/estimate-fees-for-aged-care-services

NB: Limestone Coast Local Health Network is not a financial advisor and therefore unable to provide financial planning advice. It is recommended you speak to your own financial advisor / seek independent financial advice prior to admission to aged care.
